

# South African Telecoms iServ Wireless Phone Systems

High Quality Affordable  
Wireless Small Office Phone  
Systems

## Small Office Phone System

A high-performance SIP cordless IP phone system, which is the ideal solution for small and medium-sized businesses. Paring with up to a total of 8 DECT handsets, it allows you to enjoy superb mobility and efficient flexibility immediately as well as significantly eliminates additional wiring troubles and charges. To provide a better and higher performance, this DECT IP phone not only supports up to 8 SIP accounts and 8 concurrent calls, but also speeds up its startup and signal connection, slashes its upgrade downtime as well.

## FREE Maintenance

We offer our **Free Remote Login Maintenance Service** with our iServ PBX systems, at **No Extra Cost**. **We can log into your Wireless telephone system remotely the same day you log a fault to resolve it**. No longer do you have to wait days for a technician to be dispatched, to attend to faults.

## High Performance

By supporting Opus codec, the Wireless phone system consistently delivers excellent and professional audio quality in both high-bandwidth and poor network conditions, comparing with other wideband or narrowband audio codecs. Offering the convenience of cordless with a simple add-on device without losing the SIP features, it brings a seamless call management for our users while “on-the-go”.
